

113S Embroidered Mandala Friday 5<sup>th</sup> July

Rosemary Perry

Session: 2 x 3hr

Level: All Levels

Workshop Type: Hand Sewing

Rosemary enjoys all forms of quilt making, experimenting with new techniques and aiming for excellence in all her work. Her classes are relaxed and unpressurised, where each student is encouraged to enjoy the class and to develop their own creative ideas. Her teaching approach is gentle, patient and encouraging. She is always so gratified when a student has accomplished a new skill, or expresses their appreciation for what they have learnt, in the smiles on their faces.

#### DETAILED COURSE DESCRIPTION:

In this class, the student will learn to create and design their own one-of-a kind circular embroidery. Once transferred to the fabric background, parts of the design will be coloured using coloured pencils. From there students will add more detail, dimension and colour, by using gorgeous coloured thread and exploring a number of embroidery stitches. By the end of the class, they will have enough knowledge to continue the embroidery and complete the work at their leisure.
