Paul's classes are always a fun-filled learning experience.

DETAILED COURSE DESCRIPTION:

If you want a multi-coloured, pieced quilt using your scraps, but with two colours dominating to create more unity, this is the course to do. This is an easy, mainly strip-pieced method, to create a wall hanging, runner or even a bed quilt. No templates are involved. Quilters will be guided through the process. Students can choose their own favourite colour palette, but Paul will advise them by explaining different possibilities. Precise cutting, and some piecing instructions, will be provided beforehand to those enrolled in the course. To keep the class to one day, initial piecing of certain strips can be done at home. An easy way to cut 45° triangles will be demonstrated to eventually construct square blocks.

Student Requirements:

Sewing machine in good working order.
Extension cord and adaptor.
Quarter inch foot.
Cut strips according to my instructions.
Medium grey or medium brown sewing thread.
Rotary cutter with sharp blade.

Cutting board - Paul suggests a cutting mat with vertical and horizontal lines with one 45° diagonal line.
9" or 12" ruler with 45° line on ruler.
Basic sewing supplies.
