

314S Picklelicious Sunday 7<sup>th</sup> July

Rosemary Perry

Session: 2 x 3hr

Level: All Levels

Number of Students: 2-15

Workshop Type: Sewing Machine

Rosemary enjoys all forms of quilt making, experimenting with new techniques and aiming for excellence in all her work. Her classes are relaxed and unpressurised, where each student is encouraged to enjoy the class and to develop their own creative ideas. Her teaching approach is gentle, patient and encouraging. She is always so gratified when a student has accomplished a new skill, or expresses their appreciation for what they have learnt, in the smiles on their faces.

**DETAILED COURSE DESCRIPTION:**

Are you a little intimidated by Foundation Paper Piecing? Do you find the removing of the paper foundation tedious and irritating? Then this class is for you. You will learn how to sew blocks using Foundation Paper Piecing in an easy and interesting way. No more papers to tear away and you will be able to use the foundation paper over and over again. This technique will not compromise the accurate and sharp points required to perfect the blocks you are constructing. An added bonus will be to master sewing perfect curves without stress; and explore suitable borders to complement the medallion centre.

Cost of kit R20.00

Contents of kit:

Paper patterns and a cardboard template
