

515S Embellished Camel Tuesday 9th July

Session: 2 x 3hr

Level: All

Workshop Type: Medium and long-arm Quilt machines. All machines are provided.

Merle Gilson has been quilting for a number of years and loves it. Whether it is quilting on a domestic sewing machine or on a long arm quilting machine, she turns out magic. She loves the fact that pieces of fabric are transformed into interesting and beautiful quilts to be proud of. More important is that she is always looking for ways to challenge her quilting skills and to have fun along the way. She is a strong believer in sharing her knowledge and expertise and trusts that she can inspire quilters to love this art form as much as she does. She never holds back on sharing her expertise and her classes are always fun to attend.

COURSE DESCRIPTION:

This is a fun, creative project where we will do free-motion yarn couching, free-motion thread-painting, add embroidery to the tail, make eyelashes, plait and embellish the reins, make tassels and pad the camel body. A domestic sewing machine can be used to embellish the blanket and attach it to the camel.

Cost of kit: R 250-00

Content of Kit:

100% Cotton fabric to sew on
Batting
Backing
Wool and cords
