With sewing classes and sewing retreats from beginners to the more advanced sewers, plus her fabulous range of sewing kits and patterns.

Kerrie's passion lies in bringing people together in workshops through their shared joy of sewing, and she looks forward to welcoming you to her wonderful online class at the festival.

Join Kerrie to make this popular no-sew Patchwork Christmas Bauble. Should you book to do this online class at Festival, you will receive a kit. Included in your kit is everything you need to make one bauble, including full pre-cut fabric pieces and a copy of the full-colour pattern booklet, and reusable pattern.

If you book to do this online at home, we will send you a detailed list of what to get before you do this class.
